Fellow alumni and friends:

The Atlanta Metropolitan Chapter of the Southern University Alumni Federation is excited to announce a special fundraising effort to promote Southern University and A&M College throughout the state of Georgia. We have filed an application and have been approved to pursue a Southern University and A&M College license plate produced in the state of Georgia. Soon Georgia residents can sport a Southern University and A&M College license plate.

To make a specialized license plate in the State of Georgia a reality, we need your support. The state of Georgia requires a one-time fee of \$25,000 to start production, therefore we have initiated a fundraiser to raise funds that will be used to pay this one-time fee.

Here are a few reasons why you should support this worthwhile endeavor.

- License plate designs can be used as a marketing tool to promote Southern University and A&M College throughout Georgia.
- After the license plate is manufactured in Georgia, registration proceeds can be used to fund scholarships for Southern University and A&M College students with state legislature approval.

As you can see, there is more than one reason for Georgia residents as well as nonresidents to give to this special cause. We have made giving easy and affordable for Southern University and A&M College alumni, students, parents, and friends. There are several giving levels to choose from, each with its own incentive. The attached form has complete giving details. Georgia drivers that remit \$25 or more and complete the SU specialty license plate form can reserve the license plate.

Please make checks payable and send to:
